Balancing Toner

More radiant skin is simple with RENUAdvanced

RENUAdvanced Skin Care System is the simple way to tackle your skin care routine. Our products are formulated based on redox principles, using safe and healthy ingredients you can count on. Support your skin's natural barrier and cellular health to combat everyday stressors so your skin feels toned, smooth, and glows radiantly.

Powerful skin care, Powered by Redox™

Your skin's health starts at the cellular level, which is why our RENUAdvanced Skin Care products tap into decades of redox research to help your skin's cells perform optimally. ASEA's Powered by Redox formulas leverage the same redox principles our proprietary cell signaling technology is built on. However, instead of creating new redox molecules we specifically select pre-existing ingredients that support your skin's natural redox homeostasis—leaving you with hydrated, nourished, ageless, better-than-ever skin.

We power potential™

Balance that's healthy, never harsh

Your skin is at its best when it's balanced. That's why our RENUAdvanced Balancing Toner refreshes skin without any of the harsh ingredients often found in other toners. Instead, Powered by Redox ingredients layer on healthy probiotics that balance your skin's natural microbiome and soothe the appearance of blemishes while lessening redness and sensitivity.

- Provides healthy probiotics to balance the skin's good bacteria.
- Helps lessen skin redness and skin flaking to reduce occasional skin sensitivity.
- Reduces the appearance of enlarged pores by maintaining skin moisture.
- Improves the appearance of healthy-looking skin by supporting the skin's barrier function.

02 RENUAdvanced Balancing Toner: Balance and tone

Improve your skin's barrier and maintain skin moisture

Pour about a teaspoon amount into the palm or on a cotton pad. Press gently into the face and neck. Let the product fully absorb before the next step.
